Dear Possey:

I have just learned we may be able to open up our night baseball before the Bears start. I will know definitely Tuesday. If we can will you bring The Grays here for Tuesday May 14th? If you do it will be our opening night game, and should be worth while. This would also make up the game we need.

I have not done anything about Brooklyn yet, because I was waiting to see what happened with the ballplayers they had given those agreements to. I mean the ones that had signed to play with The United States League. They are supposed to have contracts by April 1st, so I will get busy right after that.

Now next I do not know much about The Detroit situation, but I was thinking it might be possible for one of our big organizations to get it if we gave them maybe 10% of the receipts. If they could and we could go there May 26th and let the Stars go in Yankee Stadium we could pool the money, and everyone make out much better. If The Yankees have nay kind of a team it will be alright, but if they are still weak it may not be so good, for the three of us to play there if we could arrange the Detroit date.

Send me an air mail special or wire with an answer about May 14th and 26th. Do you know any place we can get in Florida for April 14th Palm Sunday? We dont have a game for that date or the 7th. Will be looking to hear from you.

Very Truly Yours
